AdultFriendFinder.com - An adult service for the interesting people out there, explicitly speaking. More for the One-Night hook-up than a long lasting relationship coupled with chat, a Cupids report for matches and your own Hotlist for bookmarking members that you are interested in, this service is definitely worth looking into. The free trial offers a good way to check the service out before becoming

a paying member. If you are looking for spice, this is the site for you. 16 live chat rooms, one for non-members and many for singles, men only, women only and couples with accessibility varying with your type of membership.

Passion.com - is a great service that includes private email and public and private chat rooms for members as well as a detailed profile form for your personal ad. A lot of flexibility is available for your answers to the profile questions, which will help greatly in meeting the right person for you. Once completed, it should take between 10 and 20 minutes, you will have access to Passion.com,

including the chat rooms and forums, but you have to become a paid member to send and receive messages. Did I say that this is a great service? It is. You can email in your picture, if you have one ready, to be added to your profile and let others see you. Adding your picture will increase the amount of messages you get and the number of people you'll meet.

Dating IWantU.com - I Want U offers a fun way to meet singles and offers a lot in their CAFE featuring chat, postcards and online games that will keep you going back to the site, time and time again.
